VC

BESS - Construction of a Battery Energy Storage System in **Halland**

Attached is the objection guidance from Village Concerns to this Planning Application. Any comments or objections need to be into Wealden District Council´s Planning Department by the end of the working day of the 17th of March which is next Monday.

Go to the Wealden website and input the number above in the subject line on the front page of their website in the Planning Applications section and go from there. If you do not understand anything, feel free to email us back.

As before with our objections, please try to use your own words if you can and also please let your family and neighbours know. Anyone in your household can object who is voting age. And always put your address with your objection otherwise they will not count it.

Thank you.

the Village Concerns Steering Committee

You are in receipt of this email because you have previously requested to be part of the Village Concerns email list. If you no longer wish to receive these emails, please let us know.
