VC

WD/2025/0376/MAJ

Our apologies for disturbing you on this Bank Holiday weekend. As many of you may well have seen, 2 days after the closing date of the planning application to have the Section 106 lifted over the whole Hesmonds Stud land, a decision to approve was announced by WDC. We feel this is rushed and are addressing the matter with WDC Governance. We will write to you regarding this next week.

However, the objection window for the above application number closes today. This is for the proposal by Parker Dann to build 275 houses and a new school on the land locally known as Tourles Farm and Harrison's Field. Please send your objections as soon as possible to:

https://planning.wealden.gov.uk/Planning/Display/WD/2025/0376/MAJ

Please let us know if you need further information on which to base your objections, we can send our objection advice to you. Our feeling is that the fact that these applications have been submitted to WDC for consideration in close succession, in multiples and during the Easter Holidays is by Parker Dann's design. They are trying to create confusion to deter objection and we must not let them succeed. We applied to WDC for an extension of time to object to these applications for exactly the reasons listed above which was rejected by the Planning Department.

Any time you can spare today to email in to WDC or encourage others to do so would be hugely beneficial to our community, and please be advised that letters of objection can still be be sent to WDC after 4th May 2025. If you choose to do this, please email your objection to: planning@wealden.gov.uk

Our Update 175 which we emailed out five days ago gives you lots of reasons to object.

Thank you.

the Village Concerns Steering Committee

You are in receipt of this email because you have previously requested to be part of the Village Concerns email list. If you no longer wish to receive these emails, please let us know.
