There is a new Planning Application for 5 new homes behind the last ten homes on South Street. This would be on the sliver of land that used to contain ponies and currently protects these ten homes from the major development to be further behind on South Street. So, a real, real shame that this sliver now has a Planning Application in for it.

The following attachment is Village Concerns advice. If you are able to use your own words do, add anything else that you consider important, and ask other members of your family, friends and the neighbourhood to object.

So, on behalf of these Villagers, please give them your support as they would no doubt give theirs to you.

Remember to give your name and address otherwise your objection will not be counted. Closing date is April 4th.

Thank you.

Planning Application Number WD/2026/0316/F

5 new homes on land off South Street, East Hoathly

Suggested objection points:

In the interests of democracy and given the issues surrounding access to the site, damage to wildlife, lack of existing infrastructure, not to mention the noise and light disturbance for the existing dwellings on South Street that this development would cause, we urge in the strongest terms that this application be decided at the committee level at
